

## Toni Hudson – Pen Portrait

Until very recently I have always lived in Beck Row. Being a 'local girl' I went to Beck Row Primary School. My children now attend the school.

I started volunteering in 2015 after spending a few years being a stay at home mum. In April 2016 I became an Early Years Teaching Assistant. In 2018 the opportunity arose on the board of governors to represent the support staff. Although I am a support staff governor, I have 2 children at the school so not only do I have the best interests of the staff, I also have the best interests of the parents and students.
